ABOUT US

BASED IN NORTH LINCOLNSHIRE

Serving Yorkshire, Lincolnshire & surrounding areas

With over 22 years of professional spray finishing experience, Spray Specialists has built a reputation for exceptional craftsmanship across residential and commercial projects. Our experience spans bespoke joinery, French polishing, furniture restoration, on-site and off-site spray finishing, and high-end residential and commercial work. Today, as a husband-and-wife team based in North Lincolnshire, we bring that same expertise to every project we undertake.

From kitchen resprays and laminate worktop transformations to fitted furniture, butcher's blocks, media walls, uPVC and composite doors, windows and exterior joinery, we specialise in transforming existing surfaces with durable, factory-quality finishes.

We believe beautifully crafted surfaces deserve a second life. Rather than replacing them, our professional refinishing systems restore tired, outdated surfaces, saving our customers time, money and unnecessary waste while delivering stunning, long-lasting results.

OUR PROMISE

“

We don't believe in replacing quality surfaces simply because they've become tired or outdated. Our promise is simple: to provide a smarter alternative to replacement by transforming existing kitchens, worktops, furniture and exterior surfaces into beautiful, modern finishes that deliver exceptional value, minimise waste and exceed expectations every time.

”

- ✓ Meticulous preparation for flawless results
- ✓ Premium coatings for lasting durability

- ✓ Proven spray finishing techniques
- ✓ Exceptional attention to detail

- ✓ Beautiful factory-quality finishes
- ✓ Built to stand the test of time

Honest advice, reliable service and exceptional workmanship—delivered with the care and attention every home deserves.

WHAT CAN WE TRANSFORM?

From small updates to complete makeovers, we transform the surfaces you see every day.

COMPLETE KITCHENS

WORKTOPS & ISLANDS

BREAKFAST BARS

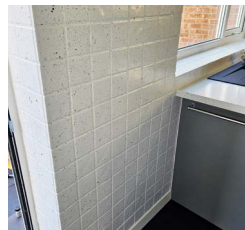

uPVC & COMPOSITE DOORS

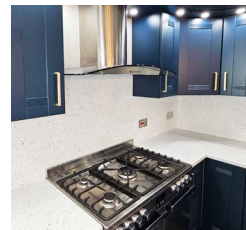

GARAGE DOORS

BUTCHER'S BLOCKS

WALL TILES

KITCHEN SPLASHBACKS

DECORATIVE FINISHES

FITTED FURNITURE

WARDROBES

MEDIA WALLS

WINDOWS

PLUS EXTERIOR JOINERY AND MORE

SAME SPACE. NEW FINISH.

WHY TRANSFORM INSTEAD OF REPLACE?

ACHIEVE THE LOOK OF A BRAND-NEW SPACE WITHOUT
THE COST OR DISRUPTION OF A FULL REPLACEMENT.

If your cabinets and worktops are structurally sound, there's often no need to replace them. Our specialist refinishing process gives existing surfaces a completely new lease of life, saving you thousands while delivering a premium, factory-quality finish.

REPLACE

- ✗ Expensive renovation
- ✗ Start from scratch
- ✗ Multiple trades required
- ✗ Weeks to complete
- ✗ Major disruption
- ✗ Unnecessary waste

VS

TRANSFORM

- ✓ Fraction of the cost
- ✓ Keep your layout
- ✓ No builders required
- ✓ Completed in days
- ✓ Minimal disruption
- ✓ Sustainable transformation

THE SMARTER CHOICE

SAVE THOUSANDS

Transform your space for a fraction of the cost.

MINIMAL DISRUPTION

Most projects are completed in just a few days.

PREMIUM FINISH

Durable, factory-quality finishes that look and feel like new.

SUSTAINABLE CHOICE

Refresh existing surfaces while reducing waste.

LOVE YOUR LAYOUT

Keep the layout you love and simply transform the finish.

OUR KITCHEN RESPRAY PROCESS

From your first enquiry to the final refit, every stage of our process is carefully planned to deliver a smooth, stress-free experience and a beautiful, factory-quality finish.

While this process focuses on kitchens, the same proven approach applies to every surface we transform.

1 Consultation & Colour Selection

We begin by discussing your vision, preferred colours, finish options, and any additional surfaces you'd like transformed. Quotations can often be provided from photographs, or we can arrange a free home consultation with colour samples to help you choose with confidence.

2 Workshop Preparation

Your kitchen doors and drawer fronts are carefully removed and taken to our workshop, where they're professionally cleaned, repaired where required, expertly prepared, primed, and sprayed in a controlled environment to achieve an exceptional factory-quality finish.

3 On-Site Spraying

While your doors are being finished, we prepare and professionally spray your fixed kitchen components, including cabinets, end panels, plinths, cornices, light pelmets and other visible surfaces. Every area is meticulously masked and protected to ensure a clean, dust-free working environment.

4 Reinstallation & Quality Inspection

Once the finish is ready for reinstallation, your doors and drawer fronts are carefully refitted. If you've chosen new handles, we'll fit them too. Every detail is then thoroughly inspected to ensure the finished kitchen meets our exceptionally high standards.

5 Enjoy Your Transformed Kitchen

Stand back and enjoy a kitchen that looks and feels like new—professionally refinished with a durable, long-lasting coating that's designed to be enjoyed for years to come, all for a fraction of the cost of replacement.

“ ”

CUSTOMER FEEDBACK

★★★★★

"Our worktops have gone from tired, old, chipped and marked 23-year-old worktops to looking brand new in just two days. Danny and Lina did an amazing job."

- Annie C

★★★★★

"After months of trying to decide what to do with our outdated kitchen, worktops and tiles, we found Spray Specialists and decided to transform instead of replacing everything—and wow, it was the best decision we ever made!"

- Tracey C

INTERIOR TRANSFORMATIONS

This full kitchen transformation combines professionally resprayed cabinets with refinished worktops and splashbacks, creating a bright, contemporary look with durable, high-quality finishes throughout.

This existing laminate worktop was transformed with a premium Spray Granite finish, replacing the dark surface with a bright, contemporary stone effect that completely refreshes the kitchen.

This range cooker was professionally resprayed, transforming the dated cream finish into a bold, contemporary blue that gives this classic appliance a completely fresh new look.

This fitted furniture and wardrobe were professionally resprayed, transforming the dated wood finish into a fresh, contemporary look that brightens and modernises the entire space.

This bathroom vanity was professionally resprayed, transforming the dated wood finish into a bright, contemporary look that refreshes the entire bathroom while retaining the original cabinetry.

EXTERIOR TRANSFORMATIONS

Your home's exterior is the first thing people see. Our professional spray finishing systems restore faded, dated and worn surfaces with beautiful, long-lasting factory-quality finishes—without the expense of replacement.

SPRAY STONE & DECORATIVE FINISHES

Spray Stone is a specialist decorative coating designed to create the natural look and texture of real stone across a wide range of surfaces. Unlike a conventional painted finish, Spray Stone introduces texture, movement and natural variation, creating a unique surface with real depth and character. The result is a striking architectural finish that can completely transform an ordinary wall, feature or fitted surface into something truly bespoke.

With an extensive choice of colours and finishes, Spray Stone can be tailored to complement both contemporary and traditional interiors—from subtle, understated natural tones to dramatic statement finishes.

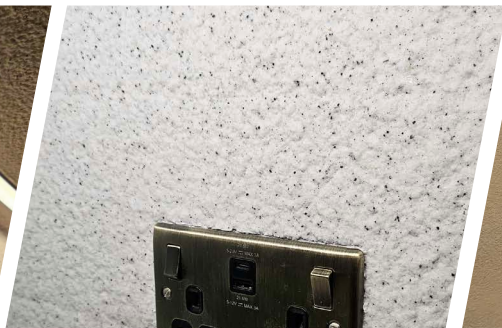

REAL STONE MIXTURE

Created using a real stone mineral mixture for an authentic stone look and feel.

INTERIOR & SELECTED EXTERIOR APPLICATIONS

Ideal for feature walls, media walls, reception areas, display units, outdoor kitchens & BBQ areas and architectural features.

MORE THAN A CHANGE OF COLOUR.
A TRANSFORMATION IN TEXTURE.

YOUR SPACE. YOUR STYLE. YOUR COLOUR.

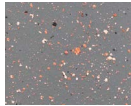

PAINT COLOURS

From timeless neutrals to bold statement shades, choose from leading colour collections including Farrow & Ball, Little Greene, Dulux, Paint & Paper Library and RAL, or let us colour-match to a sample of your choice.

FREQUENTLY ASKED QUESTIONS

HOW LONG DOES IT TAKE?

 The timescale depends on the type of transformation. Front doors can often be completed in as little as one day. Spray Granite worktops are typically completed over two days, while complete kitchen resprays are carried out over the course of around one week, with just a few visits to your home. We'll provide a clear timescale during your free quotation.

WHEN CAN I USE MY SPACE AGAIN?

 Your kitchen or workspace remains largely usable throughout the transformation. Once the project is complete, we'll advise you on any recommended curing times to ensure you get the best long-term performance from your new finish.

IS THIS CHEAPER THAN REPLACING?

 Absolutely. Professional refinishing costs a fraction of a full replacement while delivering a stunning factory-quality finish. You keep the layout you love and avoid the disruption, mess and expense of a full renovation.

HOW DURABLE IS THE FINISH?

 We use professional coatings designed for everyday use, producing a hard-wearing, easy-to-clean finish that's built to last. All of our transformations are backed by our 10-year guarantee, giving you complete confidence in the quality of our workmanship.

CAN I CHOOSE ANY COLOUR?

 Yes. We can spray in virtually any colour, including popular ranges from Farrow & Ball, Dulux, Little Greene, Paint & Paper Library, and many more. We can even colour-match to a sample if you're looking for something completely bespoke.

MY KITCHEN DOORS ARE DELAMINATING - CAN THEY STILL BE SPRAYED?

 In many cases, yes. If the vinyl coating has started to peel or fail, we carefully strip the doors back to the original MDF substrate where necessary, carry out any repairs, then professionally prime and spray them to create a durable, long-lasting finish.

CAN YOU REPLACE HANDLES, HINGES OR OTHER HARDWARE?

 Yes. We can supply and fit new handles, hinges and other ironmongery, or we're equally happy to fit hardware you've purchased yourself as part of your kitchen transformation.

CAN YOU SPRAY GLOSS KITCHEN DOORS?

 Yes. Gloss kitchen doors can usually be professionally prepared and sprayed to achieve a beautiful, durable factory-quality finish. Many customers are surprised at just how well modern gloss kitchens can be transformed.

DO I NEED TO EMPTY MY CUPBOARDS?

 No. In most cases, your cupboards can remain full. We simply ask that fragile or valuable items are removed before we begin, along with anything stored on worktops.

CAN YOU TRANSFORM MORE THAN JUST KITCHENS?

 Absolutely. Our expertise extends far beyond kitchens. We professionally transform laminate worktops, breakfast bars, butcher's blocks, fitted furniture, wardrobes, media walls, uPVC and composite doors, windows, garage doors, and a wide range of other interior and exterior surfaces.

DO YOU OFFER A GUARANTEE?

 Yes. Every transformation is backed by our 10-year guarantee, giving you complete peace of mind that your investment is protected.

DO YOU TRAVEL?

 Yes. We're based in North Lincolnshire and regularly work throughout Yorkshire, Lincolnshire and the surrounding areas. If you're further afield, just get in touch—we're always happy to discuss your project.

READY TO TRANSFORM YOUR SPACE?

Let's bring your vision to life with a professional surface transformation.
